Hi lhenzkiey,

Good day. I just want to correct your statement. The post re: Free E-loading business is for RETAILERS ONLY. If you want to become a DEALER of UPP, that's the time you need to invest P7,450 in UNO and this is not for E-loading business only. Because the DEALERSHIP program of UPP is free for all UNO Members. What I am trying to clarify is that if you want to become a RETAILER of UPP your are not oblige to become member of UNO and I will give it to you for FREE. Just text me with your details and I will activate your SIM (any networks) to become an e-loader of ALL NETWORKS.

To learn all this things visit www.uno-corp.blogspot.com

Thank you.
